On 24 March 2010, Nobel Biocare completed, as scheduled, its share buyback program which was initiated on 14 May 2008. Within this program Nobel Biocare repurchased 532,000 of its shares, representing 0.4% of the share capital of Nobel Biocare at the time of the start of the program. The annual general meeting 2009 had approved the cancellation of these repurchased shares, which took place in June 2009.
